# Upholstery

## Upholstery

Blues is available with fabric or leather upholstery. All modules are fully upholstered and can be freestanding.

## Frame

All the bearing parts of the frame are made of solid wood. Some components are made of particleboard.

# Back cushions

## Day

A sofa with Day cushions has back cushions that usually comprises one or a pair of large even cushions making up the backrest of the sofa. It is the most common look of a sofa and provides excellent support and comfort.

## Night (Not available in leather)

A sofa with Night cushions has several back cushions comprising and forming the backrest of the sofa. This configuration gives a sofa a more lounge like feel and a softer back support than a Day sofa provides.
